

Tower Laboratories, Ltd.

QUALITY MANAGER

Centerbrook, CT

Tower Laboratories is a leading provider of effervescent products in the United States, who also supplies to distributors around the globe. We provide the fizz and the bubbly sensation that gives products an edge—both in effectiveness and in product appeal. We specialize in the application of effervescence as a product delivery system. We develop and manufacture over-the-counter medication, prescription pharmaceuticals, personal care, beverage and household products. Our product line includes denture cleanser tablets, antacids, cold medications, nutritional supplements, instant soft drink tablets and bath tablets. We are expanding our product base and currently have several new and interesting products in the development stages as well as several beginning production right now. Please visit our website to learn more about us at www.towerlabs.com.

POSITION SUMMARY & REQUIREMENTS:

Seeking Quality professional well versed in current Good Manufacturing Practices (cGMP) to lead our QA/QC Departments. Optimize the performance, teamwork and effectiveness of the Quality department as a whole (QC & QA) to ensure the manufacture and timely release of a quality product which meets and/or exceeds all specifications and is compliant with FDA and other regulatory agencies and is fully integrated with Tower Labs' business objectives. Direct team of Supervisors, QC Lab Chemists and QA Associates. This position reports to our VP of Quality.

QUALIFICATIONS:

- Min. 10 years' experience in management of Quality operations (QA and QC) in a cGMP environment.
- Proven track record of partnering with production management in terms of championing quality principles and facilitating risk-based resolutions to quality events.
- Strong leadership skills.
- Science degree (Chemistry preferred) with background and experience in lab practices including methods development and OOS investigation and resolution.
- Strong working knowledge of Quality release activities including material and component approval and batch record review.

This medium sized company is headquartered in the scenic town of Centerbrook in Southeastern Conn., and offers a friendly, dynamic, positive working environment with a competitive benefit package including 401(k) with generous company match. Tower Laboratories is a Socially Responsible Employer and a great place to work!
